## *STAFF STARTS SUMMER 2011 WITH 'SWAGGA'*

Staff members gettin' their tae kwon do groove on.

My Super Duper Article

By Katia Jimenez, Staff

When I first learned of Creative Arts I thought, "Why couldn't I go to that camp?" A summer filled with dancing, theater, art, music, and even sports would have been a dream come true. Instead, I get the wonderful opportunity of teaching art at the camp to kids of all levels. I am eager to meet the campers and give them direction in a way that they can still be imaginative and create art they want to make. From painting, to drawing, printing, and even interesting wire work, this is going to be an unforgettable month! Since I am a school art teacher year round, I have plenty of fun projects up my sleeve!

Welcome to the Heartbeat!

By Sophia Philip & Sarah Lewinger, CITs  
Many of you may be wondering what happens on the fifth floor. Aside from Suzanne and Colin's office, you'll find the newspaper class where busy young journalists give Creative Arts' newspaper, the Heartbeat, its pulse! Who are these young journalists exactly? Why none other than the campers who signed up for the class. Some are seasoned pros who have taken the class before, while others are new to the world of journalism, but the Heartbeat Newspaper will surely get your heart racing! The Heartbeat covers all the latest Creative Arts news— from interviews with campers, staff and visiting artists to detailed reports of fun CA events like the Hat Parade and Ice Cream Social. We both feel very lucky to be CITing the class, which is taught by the wonderful Susan. Get pumped for an action-filled daily newspaper and an awesome summer. See you on the fifth floor!!

## Meet Alekandra!

By Charlotte Guerrero, CIT  
Alekandra is really looking forward to starting another exciting summer at Creative Arts! She is excited to meet all the new campers, and see all the returning faces as well! This past June she graduated from Sacred Heart and she is ready to begin her journey at Lehigh University this fall. This is such an exciting time in her life, and spending the summer at Creative Arts is the perfect transition from high school to college. In addition to this wonderful working experience, Alekandra also worked at Hollister (a trendy and youthful retail clothing store) this spring and met many new and interesting people there!

Alekandra has so many great classes in her schedule for this summer, such as Musical Theater Scenes and Fashion Magazine. She is especially excited about Fashion Magazine, which she is co-teaching with Charlotte. They have come up with many new and fun projects for the class as well as bringing back some favorites from last summer! So strike a pose and get ready to be featured in Creative Art's most exciting new publication! Plus, Alekandra and the other CITs have been busy planning the Social, and it is going to be the best one yet!!
